(at Mary Ave NW & NW 83rd St)

Categories entered: Planting Strip

Volunteers: Doug Stapleton

Years: 4

Year Built: n/a

Size: ~75 feet long

Description: A Seattle style cottage garden that has multi-season appeal, but looks best in Spring and Summer.

2004 Plant List: Rosemary, South African bulbs, Katsura trees, calendula, lavender, lithodora, geranium, stachys byzantia, thyme, digitalis, cotoneaster, feather reed grass, blue oat grass, blue fescue, hemerocallis, sword fern, nepeta, ceanothus, lupin, coreopsis, daffodil, artemisia, armeria, saxifraga, allium, papaver, eschscholzia, salvia, lavender, vinca, iris, penstemon, heuchera, sedge, hebe, vine maple, dahlia, crocosmia, lilirope, euphorbia

SDOT observations: This is a huge planting strip on a corner house. Trees in the planting strip will need to be limbed up, and overhead wires may become a problem in the future.

Mulched: Yes
